Preliminary '60 Census Report Puts Adams Total At 51,738 And Gettysburg Up To 7,914

Adams County has increased in population by 17 per cent during the last decade, according to preliminary census figures released today by Austin C. Sigelen, district supervisor for the census in the York, Cumberland and Adams district.

The new count lists the county's population at 51,738, as compared to 44,197 in 1950 and 39,435 in 1940. Sigelen pointed out that the final figures will show some changes but the preliminary figures give an indication of the probable final count.

Gettysburg's population is given as 7,914, an increase of 866 over the 7,046 listed decade ago and 1,998 over the 5,916 the town had in 1940.

The listing shows Cumberland Twp. gaining nearly 1,000 during the 10 years—from 1,999 in 1950 to 2,912 at present.

SAYS SEEDS OF DESTRUCTION SOWN IN USSR

"The seeds of self-destruction have been sown in the Communist world," Dr. George R. Seidel, manager of the education section of the Du Pont Company's extension division, told the Gettysburg Lions in a talk Monday evening at the club's weekly dinner session.

"They are educating their young people and Russian students are going to want to know the truth. There will not be any bamboo curtain high enough or any iron curtain strong enough to keep them from investigating the free world. What they see when they look at democracy is up to us," the speaker said.

During the business session the Lions conducted their annual election of officers. They named a staff to take over July 1 with Richard A. Folkenroth, elementary coordinator in the Gettysburg public schools, as the new president.

SAYS DEFENSE SPENDING WILL DOUBLE BY '70

The gross national product of the United States will increase to \$758 billion by 1970 and the outlay for defense will increase to \$109.9 billion by the same time, Col. Ralph R. Moulton, of Headquarters, Middletown Air Materiel Area, of the U. S. Air Force, held Monday evening in a talk at its meeting in the YWCA.

Colonel Moulton, a chemical engineer whose hobby is economics, made clear his views did not represent those of the Air Force but were the result of his own studies and his own conclusions based on national growth so far.

Present "gross national product" of the U. S. is estimated at \$500 billion and present amounts spent for defense were estimated at \$44.4 billion, Colonel Moulton said the actual budget for defense is \$39.3 but that he included such items as foreign aid and the space agency in the defense budget because while they have other purposes they also contribute to the defense of the nation.

Ike Calls On Man Who Made Him An "Honorary Citizen"

By MARVIN L. ARROWSMITH
PARIS (AP)—President Eisenhower paid a surprise call today on an old friend—the mayor of a French village which made the President an honorary citizen a few years ago.

And who served as hastily enlisted interpreter for Eisenhower and the French-speaking mayor, 67-year-old Jean Minot?

Slipping away from the tribulations of trying to salvage the summit conference, the President and Macmillan drove in Eisenhower's limousine to the picturesque Paris suburb of Marnes la Coquette.

30 RESIDENTS SEEK TO JOIN SEWER SYSTEM

Grandview Terrace may be linked with the Gettysburg sewer system, it was learned at Monday evening's meeting of the Gettysburg Municipal Authority.

The authority received a request by a number of residents of the development in Cumberland Twp. between the Biglerville and Table Rock Rd., asking that a study be made to join the local sewer system.

The authority directed its engineering firm, Gannett, Fleming, Corddry and Carpenter, Inc., to make a study. Approximately 30 properties are involved.

The cost will have to be born by the owners of the properties in that area. After the survey is completed residents of that area will decide whether they wish to join.

At present the properties are served by septic tanks and members of the Authority said residents of the area have been having some problems.

Complete One Extension
Completion and operation of the sewer and water extension to the Twin Oaks development along the Harrisburg Rd. in Straban Twp. was reported.

The bid of the Adams County Motors for a Ford pickup truck for \$1,713.92 was accepted. Warren Chevrolet submitted a bid of \$1,826 and Glenn L. Bream, Inc., \$1,838. All of the prices involve trade-in of a present pickup truck owned by the Authority.

The bid of Gettysburg Drain Tile to supply 2,000 feet of vitrified clay pipe at \$1.203 per foot was accepted. Two other bids were received from Service Supply and Kaul Clay Co., both of which bid \$1.23 per foot.

There was a lengthy discussion on replacements to be made to the water system this year. The authority has been modernizing the water system by replacing portions of the system each year. No decision was reached on the parts to be replaced this year.

Soviet Premier Rejects De Gaulle's Invitation To Attend 2nd Session

By JOHN M. HIGHTOWER
PARIS (AP)—Premier Nikita Khrushchev rejected today a bid by President Charles de Gaulle to revive the summit conference in a Big Four meeting this afternoon. The Soviet leader said he would not attend.

Both President Eisenhower and Prime Minister Harold Macmillan of Britain had agreed to participate. Khrushchev made known his reaction in an interview over an European radio station at Sezanne, a town about 7 miles from Paris. He had gone there on a motor trip.

"Gen. De Gaulle knows my position," Khrushchev said. "He knows very well that we won't attend a conference as long as the Americans will not have given us satisfaction."

OFFER PUPILS TYPING COURSE FOR SIX WEEKS

The Gettysburg Joint School Board has approved the use of school facilities for a six-week first year typing course for pupils now enrolled in the local schools in Grades 7 through 12. The class would start on Monday, June 6, and end on Monday, July 18, Superintendent of Schools H. Edgar Riegle said today. Classes would begin at 9 a.m. each day, Monday through Friday, and continue until 12 noon.

The cost of the course would be paid entirely by the parents of the pupils enrolled in the class. The cost per pupil would vary with the number enrolled in the course. For instance, if the enrollment is 20 pupils, the cost for the six weeks would be \$15 per pupil; if 25 pupils were enrolled the cost per pupil would be \$12 for the six weeks, and if 30 pupils were enrolled, the cost would be \$10 per pupil. In each case, the total amount would be payable the first day the class met and there would be no refund at the end of the class or if any pupil would discontinue the class.

"The course will be offered only if we have a minimum of 20 pupils enrolled, and the maximum number of pupils that can be handled will be 30," Mr. Riegle said. All pupils who are interested in enrolling in this summer typing course should give their names to Clifford B. Snowberger, principal of the Gettysburg High School, not later than Friday, May 27.

"This course would not carry any credits toward high school graduation. It is being offered so that those pupils who want typing but who cannot fit it into their schedule during the regular school session can secure this training. It is not necessary for a pupil desiring to take the course to be enrolled in the business education course. Enrollment in the class will be accepted in the order in which applications are received," the superintendent stated.

VIOLATION CHARGED

Robert F. Miller, 22, New Oxford R. 2, has been charged by Hanover police with a signal light violation in an information filed before Justice of the Peace William Y. Naill Jr., Hanover.

Sidewalk Conference

Khrushchev had stated exactly the same intention earlier in a sidewalk news conference near the Soviet Embassy. Laughing as he talked with newsmen, the Soviet Premier said that unless Eisenhower apologized for U.S. spy flights over Soviet territory "and admits that America made an aggression against the Soviet people the conference will not start and I will return home."

Khrushchev's stand apparently killed off the last Western hope of reviving the conference, which collapsed at its opening session Monday in a Khrushchev-Eisenhower explosion over aerial espionage.

Allies Were Sincere

The decision to make a final try to restore the shattered pattern of East-West diplomacy was made by De Gaulle, Eisenhower and Macmillan in a meeting at the Elysee Palace, De Gaulle's residence, this morning. Macmillan suggested the plan of calling a conference to see whether Khrushchev would attend.

De Gaulle then sent invitations for a Big Four session in mid-afternoon at the palace. Eisenhower and Macmillan promptly announced acceptance.

De Gaulle accepted the invitation to Khrushchev by motorcycle messenger. The Soviet Premier had driven to Sezanne with his defense minister, Marshal Rodion Malinovsky for a tour of a World War I battlefield where Malinovsky fought as a member of the Russian Expeditionary Force in France.

May Call On De Gaulle

Big Four gathering, he said he was willing to call on De Gaulle. Khrushchev then drove back to Paris. De Gaulle apparently planned to try to bypass the bitter Soviet-American dispute over the spy plane which disrupted Monday's first Big Four session.

Instead he apparently planned to try to get discussion started on such topics as disarmament and the German issue.

White House press secretary James C. Hagerty explained to newsmen that Eisenhower had agreed to a second meeting because it was to be held on the issues originally set for discussion at the conference.

Scorns Propaganda Meets

A British spokesman said Eisenhower had made clear he would not "attend any more propaganda sessions—he wants to get down to business as Macmillan does."

Eisenhower met this morning with De Gaulle and Macmillan to discuss the prospects for closing the Soviet-American breach enough to get the conference started.

It was certain, however, Eisenhower would go no further than his announcement Monday that the American flights over Soviet territory had been suspended and would not be resumed.

Khrushchev was interviewed as he left the Soviet Embassy for a morning walk with Foreign Minister Andrei Gromyko and Marshal Malinovsky.

Asked If He 3rd 116-1a30. Plans Press Conference

Asked if he was willing to meet with Eisenhower, Khrushchev replied: "If the President wants to meet me, I will be glad to meet him."

In response to another question, Khrushchev said he would hold a news conference before leaving Paris. "I will not leave without having contacted you," he told the newsmen. Khrushchev added the news conference "may be today or it may be tomorrow," indicating his time of departure was still uncertain. Despite the grim prospect for the summit negotiations, Khrushchev was in an ebullient mood, laughing with the newsmen, raising his hands in salute at the end of the conference. (Continued On Page 2)

Going To East Berlin

He said that on his way home to Moscow he would stop off in East Berlin to see Walter Ulbricht, secretary of the East German Communist party.

Khrushchev's insistence on an apology from Eisenhower and an admission that the U.S. spy flights constituted aggression appeared to doom the summit conference, for it was considered certain Eisenhower would go no further than his announcement that the American flights over Soviet territory had been suspended and would not be resumed.

Eisenhower was to meet this morning with French President Charles de Gaulle and British Prime Minister Harold Macmillan to survey the wreckage of the conference and see whether anything could be salvaged for the world's hopes for peace.

Seeks To Shift Blame

Khrushchev's latest maneuver appeared to be primarily an attempt to shift to Eisenhower the blame for breaking up the summit conference.

Eisenhower met with De Gaulle and Macmillan this afternoon, and invited Khrushchev to sit with them.

He scorned the invitation, but 45 minutes later issued his statement putting the issue up to Eisenhower. Macmillan arrived first at De Gaulle's Elysee Palace for the Big Three meeting. He was six minutes early. Then Eisenhower drove into the palace courtyard.

Khrushchev — back from his trip — stayed at the Soviet Embassy.

The Big Three waited a while, then went on without him.

News Hard To Get In Ankara, Turkey

Americans may have been better informed on what was going on during the recent riots in Turkey than the people under martial law in Ankara, CWO Robert L. Carter, stationed in Ankara with the U.S. Army, indicated in a recent letter to his mother here, Mrs. Bernetta Laughlin, 12 S. Washington St.

Writing May 3 from Ankara, Warrant Officer Carter said: "No doubt you have read about the situation here in the papers back home. That is more than we can do for the Turks haven't permitted any English language papers in the country since Friday (April 29)."

"Martial law has been declared with a curfew from 9 p.m. until 5 a.m. This means that no one can be on the streets during these hours. Everyone has to stay home. The city closes up completely. Tanks and motorized vehicles with 50 caliber machine guns patrol the streets. Quite a few people have been shot. All Turkish. So far no Americans have been involved. We continue to work each day as usual. . . I don't believe the situation will get out of control. I sure am glad I'm an American when I see things like this happening."

CALLS ON FIREMEN

BROWN THINKS NIXON IS OUT

SEATTLE, Wash. (AP) — Gov. Edmund G. Brown of California touched off a partisan dispute among Western governors today with a prediction that the collapse of the Paris summit conference may knock Vice President Richard M. Nixon out of the presidential race.

Brown, a Democrat, declared President Eisenhower lost prestige as the result of a blow-up by Soviet Premier Nikita Khrushchev.

"Nixon has been so closely associated with the administration," he told newsmen at the Western governors' conference, "that it wouldn't surprise me if the Republicans decided on Gov. Rockefeller as their presidential nominee."

Republican Gov. Mark Hatfield of Oregon disagreed sharply that the breakdown of the summit meeting would hurt Nixon.

"If anything it will strengthen his position," he said. Hatfield expressed belief that "Khrushchev's tirade shows fear of Nixon." He said the Soviets know that "Nixon won't be taking any soft attitude."

Frat Funds Will Send 2 To Camp

Two Gettysburg youngsters will spend a week at Camp Nawakwa as a result of a project of the Kappa Delta Rho fraternity, 249 Carlisle St.

Robert Haaf of the fraternity said today the 20 members of the fraternity made themselves available at \$1 an hour to do any kind of work, with the money to go toward helping youngsters attend the camp.

As a result of the offer the collegians secured 44 hours of work.

Through arrangements made by Rev. Dr. Robert Koons, pastor of Christ Lutheran Church, Raymond Schwartz, Gettysburg R. 2, and Kay Dick, 217 Chambersburg St., will each have a week of camping at Nawakwa free of charge.

Red Press Sees East Germany Pact

PARIS (AP) — Communist journalists spread word today that Soviet Premier Nikita Khrushchev may sign a separate peace treaty with the Red East Germany in Berlin shortly in the wake of the summit parley breakdown.

Soviet spokesmen were not immediately available to comment. Khrushchev told reporters earlier in the day he will visit East Berlin on his way home from Paris.

It was possible Red newsmen circulated the report as a means of trying to influence the big Western powers to accept Khrushchev's conditions for getting the summit meeting back on the rails.

MOSCOW (AP) — Rallies denouncing American spy flights were reported today from major Soviet cities as the Soviet press intensified its indignation campaign against the United States.

The Communist party organ Pravda said the people demonstrated in Moscow, Leningrad, Stalingrad, Kiev and many other cities, blasting "reactionary circles" in America.

The general tone of the papers indicated that the Soviet press and radio would continue to build up feeling. Speculation increased that the stage was being set for a show trial of Francis G. Powers, pilot of the American U2 plane downed on May Day 1,400 miles inside Soviet territory.

mate for 1970 is also based upon no increase or decrease in present taxes, although personally I think some changes should be made within the tax structure to eliminate inequalities. That however can be done without changing the overall tax picture."

Colonel Moulton said his figures were based upon continuation of the 3 1/2 per cent productivity increase per worker during the period, plus the forecast increased number of workers. He said the accumulation of increased number of workers available and the continuation of increased productivity per worker would show a 5.2 per cent gain per year "particularly in the last half of the decade." He said he believes however that the actual growth rate would be 4.25 per cent because part of the increase would be devoted instead to greater leisure, shorter working hours, longer vacations, etc.

Opponents Can't Make It
Thus "with only moderate controls to prevent rapid inflation," the national economy should be able to provide Americans with a higher standard of living, more leisure, and a defense budget which would be sufficient to "meet any threat that can be posed," he held.

Failure to provide the defense would "be to commit national suicide" Colonel Moulton said. He also asserted that the proposals he suggests should "give us the lead in the economic war. I don't think our opponents can compete on such a scale. By the most stringent efforts they have been able to equal us in some lines. But we can continue to prosper while putting an almost intolerable pressure to keep up militarily on our opponents. Fortunately we can do it. I don't think they can."

Preliminary plans were discussed for entertaining a group of foreign exchange students to be here July 11, 12 and 13. Dr. Frank Hewetson was named chairman of the committee in charge. President Attorney John A. MacPhail presided at the meeting. The speaker was introduced by Col. Martin Peters, professor of air science and tactics at Gettysburg College.

ASKS TAX EASE ON PROPERTY ASSESSMENT

An owner of a boy camp in Eyer's Valley, near Emmitsburg, has asked the Frederick County commissioners for tax ease in a hearing held in the commissioners' office.

Maurice Weisberg, who also teaches at Mt. St. Mary's College, said that his assessment on Camp Pioneer was raised from \$3,100 to \$19,000, making his tax bill eight times above the previous one. His tax bill showed an increase from \$50 to \$400.

Weisberg said he was not complaining about the assessment—but rather he asked the commissioners if there was not some way the increase could be made gradual instead of all at one time. Lumen Norris, supervisor of assessments, explained that the property assessment was fair in keeping with the state directive and that there was no amortization plan as far as taxes are concerned.

Last Assessment in '51
He said that Emmitsburg had not been reassessed since 1951—and that if it had, Weisberg's buildings would have been included in part on previous bills.

Weisberg claimed that people are being penalized for improving properties. He said he bought a "run down" farm, made several improvements and transformed it into a camp for boys. His improvements include several cottages, swimming pool, fishing lake, gymnasium and mess hall and art studio. He said the gymnasium-mess hall was converted from an old barn and the art studio is located at what once served as a pig house.

He told the commissioners that his improved property has increased the value of other properties in the area, and said he should not be "penalized" because he made a place beautiful.

Weisberg said his property is located amid a "slum area" and asked the commissioners if they could not do something about those who take "squatter's rights" and keep undesirable properties. He said he felt there was a fallacy in the tax structure, if persons could not be forced to improve their property.

Called "No Ease"
It was explained that Frederick County has no building code. The only way areas can be controlled is through zoning and this cannot affect buildings existing prior to the zoning laws.

Weisberg pointed out that the

county school children participating in the outdoor education program make free use of his facilities. He also said that during the summer he takes some boys who do not have financial ability to pay for camping.

The commissioners said, since it was agreed his assessment was equitable, there could be no ease. They noted, however, they would have the county attorney investigate the situation as far as tax ease in using the facilities on a part-time basis for a county educational program.

Weisberg told the commissioners the county was missing a good thing when it does not explore improvements that would attract more tourists to appreciate the natural beauties of the area. He said one of the most scenic lookout points is now the site of the Emmitsburg dump.

FIFTY YEARS AGO
First County Strawberries:
County strawberries appeared at the curb market this morning for the first time. C. G. Shank, who usually has early berries, brought in three boxes and, in his words, "sold them in three seconds." The strawberries sold for twenty cents a box.
Eight Hundred Bullets Found:
While excavating for the new avenue along the Taneytown road on Friday afternoon workmen unearthed almost eight hundred and fifty bullets belonging to the Pennsylvania Reserves who were stationed at that place at the time of the battle. The bullets were found some distance from Meade's Headquarters.

Circus Brings Many To Town:
Circus day in Gettysburg witnessed the usual crowd of people from the country on the streets of town and the Mighty Haag shows drew the people in large numbers.

Pension Dead Guards' Mothers:
The first money under the pension act of 1909 will be paid by the State on June 1 to the mothers of two National Guardsmen who lost their lives in the storms at camp here two years ago. The 1909 pension act was approved by Governor Stuart on April 1, 1909, and provides that a pension, not exceeding \$12 a month, may be paid to widows, minor children or dependent parents of any soldier of the National Guard or the Naval Force of Pennsylvania who may be killed or may die from injuries received in the line of duty while in active service. The act also allows claims that antedate the passage of the act by two years.

Extension For Trolley Line:
On Thursday there was filed in the office of Register and Recorder Appier the certificates of the Secretary of the Commonwealth of Pennsylvania authorizing the extension of the Hanover and McSherrytown Street Railway Company from McSherrytown to Conewago Chapel. This extension to Conewago Chapel will be the first step in the construction of the Hanover and Littlestown line to Gettysburg and New Oxford. It is understood that the extension to Conewago Chapel will be completed as soon as possible and the next step of the management will then be "on to Gettysburg."

Postponed Housecleaning Till Cornet Passes:
Dreading the cornet and fearing that the passage of the earth through its tail May 18 may mean the destruction of this planet, a large number of Mont Alto housewives have postponed their spring house cleaning and are spending their time in preparation for the after life. They pretend not to be afraid of the calamity that they regard as a possibility, but they simply don't intend to waste any physical energy.

Trouble Caused By False Alarm:
A false alarm of fire brought out the department, almost broke up a base ball game, entertained a thousand visitors in town and caused considerable excitement in Gettysburg. The parade of the Knights of the Golden Eagle had been over only about a half hour and the streets were filled with people when the fire bell started tapping at a lively rate and Gettysburg's fire fighters came running from all directions.

The alarm was sent in when some one saw flames shooting from the shed of Amos Delap on Railroad street. He did not investigate but hurried up town to give the alarm. There was nothing wrong at the Delap shed. A peanut roaster was working and the flames from the gasoline burners were flowing out of the door. That was the cause of all the trouble.

NEW FRONTIERS
I hear people say that there are no more "frontiers to conquer." There will always be frontiers to instill the mind with faith, courage, and determination.
No one will ever lose sight of those frontiers that God has given to the unfatigued. This world will never lose its newest frontiers so long as there are ideas and the will to create them. Therefore, get acquainted with big ideas, for the small ones do not give the stimulant to stir vast enterprises.
Never fail to give encouragement to those who have great faith. Those who kept adding to the frontiers created by others gave the urge and will to go even further.
We are of a family in this world. Each is, or should be, a complement of others. William Allen White wrote these lines in a published book of these Talks: "Everyone expects to go further than his father went; everyone expects to be better than he was born and every generation has one big impulse in its heart—to exceed all the other generations of the past in all the things that make life worth living."

Tomorrow Mr. Adams will talk on the subject: "Gentleness." Protected, 1960, by the George Matthew Adams Service

Just Folks

THE STREAK OF YELLOW
With a pocket full of money
Any coward can be brave;
When his skies are bright and sunny
Any man his flag can wave.
But the test of every fellow
Is disaster's sudden blow,
And if he is streaked with yellow
It is then that it will show.
You will never find a quitter
If he's leading in the race;
It is when the fight grows bitter
And another makes the pace
That the coward starts to bellow
And to whimper at his woe;
It is a man is streaked with yellow,
When he's pressed it's sure to show.

Can you stand the goff of losing?
Can you battle to the end,
Take the cuffing and the bruising
And not let your courage bend?
For the test of pluck is never
When you're leading in the race,
But are you as game as ever
When another makes the pace?

EXPECT LIGHT VOTE TODAY IN MARYLAND

BALTIMORE (AP)—Election officials predicted a light turnout today for the Democratic presidential primary in which Sen. John F. Kennedy of Massachusetts was a heavy favorite to pick up Maryland's 24 nominating votes.

Even Sen. Wayne Morse of Oregon, his only major opponent, admitted he did not expect to stop Kennedy here.

With the same two candidates also entered in Friday's primary in Oregon, both sides watched the Maryland results for ammunition to use in the West Coast race.

Hopes For 35 Per Cent
"By running up a big vote here, we would get a psychological lift in Oregon," said Joseph Curnane, executive secretary of Kennedy headquarters in Baltimore.

Besides Kennedy and Morse, the Maryland choices include furniture man Lar Daly of Chicago, Baltimore draftsman Andrew J. Easter and a spot marked "unintended delegation" for those preferring an uncommitted delegate to the national convention.

Morse said he'd be happy to get 35 per cent of the vote, but his campaign coordinator, Mrs. Lane Berk, suggested 25 per cent would be more realistic.

HAVANA (AP)—The Cuban Foreign Ministry announced Monday night that Cuba and Communist Czechoslovakia are raising their legations to the rank of embassies.

Daniel Taylor, of Route 2, Biglerville, has a cat which is caring for a young flying squirrel with her litter of kittens. The mother cat captured the little squirrel from a nest and took it to her kittens with which she has been caring for it ever since. Any interference is greatly resented and the squirrel apparently enjoys its surroundings.

SAYS KENNEDY IS TRYING TO "BUY" OREGON

By DOUGLAS B. CORNELL
PORTLAND, Ore. (AP)—An accusation that Sen. John F. Kennedy is "trying to buy the White House" with unconscionable spending flung a harsh, one-sided note of acrimony today into Oregon's Democratic presidential primary campaign.
It was injected by Sen. Wayne Morse, who is battling hard to keep his home state Oregon delegation out of Kennedy's hands at the Democratic National Convention.
Kennedy campaigned blandly on, shrugging off all attacks.

Trails Cross Today
The political trails of the two senators crossed today at Eugene, Morse's home town. After that, it was back to Portland for evening rallies for each, with Kennedy stopping off en route at Salem, the state capital.

Republicans were stirring the Oregon political pot, too. Vice President Richard M. Nixon, unopposed in the Friday election in the Republican preferential primary, was on display Monday night in a filmed television show.

"Today," he said, "the vice president is a man who participates in the making of policy in this country. He represents the nation abroad. He has an opportunity to be the president's right arm."

This year, Nixon predicted, more attention will be paid vice presidential candidates than ever before in history.

Perhaps the Oregon committee for Sen. Hubert H. Humphrey listened and looked. It decided to stage a belated campaign for a write-in primary vote for vice president for the man Kennedy knocked out of contention for the presidency in West Virginia.

NEW GROUP TO BUY PEPSI CO.

A group of Baltimore and Washington businessmen have contracted for the purchase of one of the largest privately held Pepsi-Cola bottling companies in the east. It was announced today by Morton M. Lapides, of Baltimore.

Lapides is president of the new corporation, recently organized for the purpose of acquiring from Pannill Martin, of Baltimore, the Pepsi-Cola franchise and all the properties of the Cloverdale Spring Co., bottlers and distributors of Pepsi-Cola in a four-state area comprising Central Pennsylvania, central Maryland and sections of Virginia and West Virginia. The name of the new corporation is awaiting approval by the parent Pepsi-Cola Company.

The Cloverdale Spring Company, with plants in Harrisburg and Newville, Pa., and offices in Baltimore, possesses one of the oldest franchises issued by the Pepsi-Cola Company. Established in 1887 to market its own line of beverages, the company has been controlled by the Martin family since 1914.

Sales of Pepsi-Cola by the Cloverdale Spring Company in 1959 totaled approximately two million cases. In addition, Cloverdale marketed over a half-million cases of its own line of flavors.

Directors of the new corporation include William T. Hannan, senior partner of the Washington law firm of Hannan and Castiello; Royden A. Blunt, president of the Buck Glass Company of Baltimore; Jack Norin, president of the General Liquids Corporation, Baltimore; Stanley Goldberg, sales manager of the Pepsi-Cola Bottling Company of Baltimore; Richard S. Weil, president of the Washington investment banking firm of Weil & Company, and Ralph Berlow, partner in the Hannan & Castiello firm. Berlow will also serve as secretary-treasurer of the new corporation.

Say Coal Research Bill To Get Okay

By FRANK E. TAYLOR
Associated Press Special Service
WASHINGTON (AP)—A bill that would set up an office of coal research is expected to be approved soon by a Senate committee.

Sen. Jennings Randolph (D-W.Va.) said he has been assured by Senate leaders the bill will be given priority treatment when it reaches the Senate floor.

The House has passed a coal research bill, and Randolph said he feels confident Congress will give final approval to such legislation. He added he is hopeful the bill will be signed by President Eisenhower.

The President last year vetoed a coal research bill. One of the objections he listed was the creation of a separate agency to conduct coal research.

Screen Writers Turn Down Offer

HOLLYWOOD (AP)—Screen writers today rejected by what a spokesman called "a sizable majority" the latest contract offer of major film studios aimed at ending a strike in effect since Jan. 16.

The vote was not disclosed. The spokesman said more than 300 of the 450 active members of the screen branch of Writers Guild of America, West-East, were present.

The offer was essentially the same as that made by television film producers and rejected by TV writers recently.

A general guild meeting is set for Thursday night.

HOLD BOY, 14, FOR STABBING IN WESTERN PA.

PITTSBURGH (AP)—Judge Homer S. Brown has continued until tomorrow a hearing on a request to release on bond a 14-year-old boy charged with fatally stabbing another youth.

Attorneys for Delbert Fitzgerald of suburban Whitehall Monday sought to have the youth freed after he was formally charged with the Saturday night slaying of Evan D. Schuster, 18, also of Whitehall.

Advised By Lawyer
Coroner Joseph Dobbs questioned Fitzgerald briefly Monday. "Now, sir, if I say I stabbed him, you'll say I killed him," the boy reasoned with Dobbs. Then he said:

"Sir, my lawyer told me not to say anything. I realize I'm making it rough on you fellows, but I'd rather say nothing."

Dobbs asked: "But didn't you make a statement to police about the stabbing? Didn't you tell them you did it?" To which Fitzgerald replied:

"Sir, he jumped on the knife. I couldn't have pulled it away if I'd tried. . . . Sir, I just know he's dead and I'm awfully scared."

MACMILLAN TALKS WITH KHRUSHCHEV

By ARTHUR GAYSHON
PARIS (AP)— "Don't underestimate Mr. Macmillan."

This advice came early today from a skilled British diplomat after his prime minister talked for an hour and 35 minutes with Soviet Premier Nikita Khrushchev in an effort to get the Big Four summit talks started.

In the face of a seemingly hopeless Moscow-Washington impasse, the diplomat's words sounded more like an expression of loyalty and faith to Macmillan than sound political judgment.

But British officials are not normally blinded by their wishes. This one conceded that chances of success for Macmillan's rescue operation are not so good. Yet he still refused to admit defeat for his chief.

What "Mac" Said
The line that Macmillan took with Khrushchev, by all accounts, went like this:

Look, Nikita, you made two essential demands of Eisenhower on the unhappy affair of the U2: (1) Halt that sort of sky-spying, and (2) Do it publicly.

That's what the President has done—and you must acknowledge he acted handsomely and courageously.

BELL CO. RATE STRUCTURE TO BE SURVEYED

HARRISBURG (AP)—Bell Telephone Co.'s rate structure in Pennsylvania will be investigated by the Public Utility Commission to determine if it is too high and should be reduced.

The PUC launched the probe Monday, saying a preliminary study indicated Bell's net earnings for the year ended March 31 had risen to 6.2 per cent.

The PUC had set a 5.9 per cent return for Bell when it approved a \$13,400,000 rate increase in 1956.

30-Day Notice
The difference was estimated by the commission at about 2½ million dollars.

Bell was directed to be ready within 30 days to meet with the five-member rate regulating body for a preliminary discussion.

The PUC said it will outline what rate and financial data it needs and try for agreement on a course of action that will "best insure that the investigation proceeds expeditiously, fairly and thoroughly."

Suspect Exercise Returns
The conference procedure is aimed at determining whether Bell should make immediate reductions or whether formal public hearings are necessary to establish fairness of its rates, the PUC explained.

The agency added preliminary examination of Bell's March 31 report makes it appear that the firm may now, or in the immediate future, be earning an excessive return.

That opinion, the commissioners said, was based on "presently determined or determinable factors."

The increase granted Bell four years ago was approximately a third of a 37-million-dollar boost sought by the company.

STATE HOPES FOR TECHNICAL SCHOOLS SOON

HARRISBURG (AP)—The State Department of Public Instruction is preparing plans for six technical training schools in the event Congress approves federal aid for school construction.

Dr. Charles H. Boehm, state schools superintendent, said Monday the technical training schools would be given first consideration if federal aid is forthcoming.

He estimated the six schools would cost about 9 million dollars and would serve 3,000 regular high school students and 3,000 adult students in evening classes.

Have Four Now
The need for technical schools in distressed areas is acute, another department official said.

"These schools will give jobless adults the chance to learn new skills and trades in evening and Saturday classes," said William L. Cooper, industrial coordination director. "During regular school hours their children will be learning trades to prepare them for a diversified labor market."

The state now has four area technical schools in Allegheny, Bucks, Fayette and Luzerne counties.

They are financed through the school districts joining in operation of the schools.

Heart Disease Is Biggest Killer

HARRISBURG (AP)—Heart disease caused 42 per cent of all deaths from natural causes in Pennsylvania last year, the State Health Department reported Monday.

The department reported that heart disease accounted for 50,196 of the state's 119,206 deaths. It was the 36th consecutive year that the disease was the leading cause of death in the state.

Nearly 71 per cent of the heart disease deaths occurred in persons over 64 years old, the report showed, and 56 per cent of victims were males.

SELECT JURY TO TRY SLAYER OF SHERIFF

By BOB VOELKER
PITTSBURGH (AP)—A jury of seven women and five men will decide the fate of John accused slayer of Northumberland County Sheriff James Lauer.

The jury was selected Monday as Butlers murder trial got under way in Allegheny County Criminal Court. Two alternates, both men, were also picked. Of the 49 persons turned down by attorneys for the jury, 26 said they didn't believe in capital punishment.

Asst. Dist. Atty. Samuel Strauss said he will seek the death penalty for Butler.

Butler, 53, is accused of fatally shooting Lauer last May 27 while being transferred from Northumberland County to Western State Penitentiary to complete a term for armed robbery.

To Plead Insanity
In beginning his opening address, Strauss said he will produce evidence indicating that Butler willfully shot Lauer with the sheriff's pistol.

Strauss told the jury the key witness, Merlin Diehl, driver of the car in which the killing took place, would testify about hearing Butler say: "Let me go, Jim, or I'll kill you."

Diehl further will say, Strauss said, that he opened the door to the car, saw the sheriff on the floor and Butler crouched on the seat and then heard a shot.

According to Strauss, Diehl fled after hearing Butler say, "I'll get you, too."

Mrs. Majorie Matson, Butler's attorney, indicated she will ask the defense on insanity.

DEMONSTRATE AGAINST ROTC AT LEHIGH U.

BETHLEHEM, Pa. (AP)—An estimated 300 Lehigh University students, mostly freshmen and sophomores, Monday night staged their third demonstration in less than 24 hours against compulsory reserve officers training (ROTC).

"The students, some shouting 'We hate ROTC,' marched off the campus to the homes of university president Dr. Martin Whitaker and dean J. D. Leith. There were no arrests.

The group also began circulating a petition urging the disbandment of the compulsory Air Force and Army ROTC for freshmen and sophomores and the reorganization of the program on a voluntary basis.

When asked for comment a university spokesman said he saw no need for a statement as yet.

Col. Kenneth R. Strauss, professor of air science at the university, said: "I wish they would sit down and discuss the issues. I think some of these boys are being shortsighted in trying to downgrade the program without recognizing the value it plays in maintaining the security of this country."

Would Welcome Real Republican

PITTSBURGH (AP)—Mayor Joseph Barr of Pittsburgh wants to see "an out-and-out Republican" run for the presidency this fall.

That's why, he said Monday, he would welcome Vice President Richard Nixon as the Republican candidate. He said:

"This will be the first time in eight years we will be faced with an out-and-out Republican candidate instead of a war hero. Mr. Nixon is an honest-to-goodness Republican with an honest-to-goodness voting record in Congress, the Senate and as a vice president."

Barr addressed the Pennsylvania Federation of Democratic Women.

Lost Johnstown Boy Is Found

JOHNSTOWN, Pa. (AP)—A missing seven-year-old Johnstown boy is home today, minus only a shoe.

Three of a search party of 150 found William Baumgardner Monday east of Windbar, about 10 miles from his home. Young Billy told his rescuers, "I wasn't scared a bit."

He had spent more than 17 hours in a dense wooded area walking and sleeping after becoming lost Sunday in a search for flowers for his teacher. Billy said he lost his shoe in a stream.

Bullets Beaten 4-3 By Dickinson; End Season At Lehigh On Wednesday

A single by pinch-hitter Al Guckes with two men on base in the bottom of the ninth gave the Dickinson baseball team a 4-3 win over Gettysburg College Monday afternoon in Carlisle.

With the count tied at 3-3 and the Bullets out in order in their half of the final frame, Neal Lovnes and Jack Baker lined singles to center and right respectively with one out, Guckes, batting for leftfielder Jay Meyers, poked a line single to right scoring Lovnes from second.

Martin Elliot tallied the Bullets' first run in the third after drawing a walk, moving to second on a sacrifice and racing home on a two-base error. The Red Devils came back in the fourth with a lone tally on a walk to Jack Thomas, two stolen bases and an infield miscue.

Gettysburg moved ahead 3-1 in the top of the sixth with a pair of scores. Fred Mueller reached first via an infield error and then stole second. Jeff Kahler lashed a double to left driving in Mueller and later scored on a sacrifice fly to right by George Burnett.

Dickinson tied the score in the eighth when Thomas drilled a double to center, went to third on a ground ball and scored on the Bullets' third error of the day.

Mel Jacobs went the distance on the mound for the Bullets as well as his opponent Bob McNutt. Jacobs is charged with his second loss in six decisions while McNutt picked up his fifth win against two setbacks. The Bullets secured only three scattered hits while Dickinson registered six.

Bob Hulton's Bullets (9-9) will close out their 1960 season Wednesday afternoon when they travel to Bethlehem to tangle with Lehigh.

PHILS FAIL TO LEAVE CELLAR

PHILADELPHIA (AP)—Reliever Dick Farrell, who had won two games and saved four others for the Philadelphia Phillies, finally met his match in the St. Louis Cardinals.

The Cardinals Monday night kept the Phillies from climbing out of the National League cellar with a 5-3 victory sparked by a three-run rally in the ninth.

Starter Jim Owens (2-4) got tagged with the loss but the Phillies still were leading 3-2 in the ninth when Farrell came on with runners on first and second and none out.

Daryl Spencer, who had belted his sixth homer of the year to tie the game at 2-2 in the seventh, smacked a double off Farrell, scoring one run. Then Carl Sawatski hit a sacrifice fly which scored what proved to be the winning run. Joe Cunningham singled home an insurance run.

RAY ROBINSON DOES NOT SHOW UP FOR FIGHT

BALTIMORE (AP)—Welterweight champion Don Jordan got a bloody nose and his second straight non-title licking by insisting on fighting in Baltimore Monday night. Sugar Ray Robinson is in hot water today for not doing any fighting at all.

Jordan was outboxed and out-punched by Candy McFarland in a non-title 10-rounder while Robinson—officials say—didn't even tell anyone he wasn't going to show up for his scheduled 10-round co-feature with Pedro Gonzales of Rankin, Pa.

The Maryland Athletic Commission ordered Robinson and his manager, George Gainford, to appear for a hearing Thursday. Jordan's next boxing date is May 27 in Las Vegas against Benny (Kid) Paret. His title will be on the line.

Knew He Lost
Jordan felt his fight with McFarland was close enough that he could have lost but not unanimously. On a five-point for the round winner basis, referee Eddie Leonard scored it for McFarland 47 and the two judges 46-45.

"I'd like to fight him again and for the title," said McFarland, a 20-year-old Philadelphia winning his 17th fight out of 24. "I knew I had him licked in the third round."

McFarland, who weighed a half pound less than Jordan's 149, drew blood from the champ's nose in the eighth round and almost knocked him down with a right in the next.

Jordan had insisted on going ahead with the fight even though the National Boxing Association and the Las Vegas promoters protested it was too soon before the title match.

The fights in Baltimore's Memorial Stadium originally were scheduled for Saturday night and postponed because of rain.

At first, promoter Al Flora reported this was given by Gainford as the excuse for Robinson's absence. Flora said the manager told him by phone they didn't realize they had been rescheduled for Monday night.

Later in New York, Gainford said he had informed Flora earlier that Robinson wasn't going to appear because they learned there was an attachment on Gonzales' purse. Gainford also said there was no stipulation in their contract that Robinson had to appear if the fight was postponed.

Warriors Whip Delone 17-4 For Fifth Win; Owls Here On Thursday

Gettysburg High School snapped a three-game losing streak by walling Delone 17-4 Monday afternoon at McSherrystown.

Coach Don Young's outfit put on its strongest hitting attack of the campaign by smashing off 13 safeties off the offerings of Bill Solomon, starter and loser, and Danny Miller who finished the game for the Squires.

The Warriors (5-4) wrapped up the outcome in a hurry with four runs in the opening frame and five more in the second inning.

Bob Furney, Gettysburg catcher, slammed out three hits in as many times at bat and also scored three runs.

Don Coldsmith, Warrior southpaw, limited Delone to five hits. He fanned 11 and gave up six walks.

Delone Gets Three
Delone (3-4) put on its best attack in the last of the third inning when it tallied three times.

Gettysburg will meet Westminster High here Thursday afternoon and then rings down the curtain on its season with a home engagement next Monday with Boiling Springs.

Delone meets Bermudian
Springs at McSherrystown on Thursday and will host Fairfield Friday in wrapping up its season.

PHILADELPHIA (AP)—Stan Musial was as frisky and optimistic at pre-game practice Monday night as a rookie-of-the-year with his baseball career still before him. But he wasn't in the starting lineup.

And he wasn't in the starting lineup for either game of St. Louis' double-header against Chicago Sunday, although he did pinch-hit in the second game, as he did Monday night against Philadelphia.

Is this the first hint that Musial's long and outstanding career is at last nearly over?

"Absolutely not," Manager Solly Hemus and Musial agreed. Hemus would not say how long the 39-year-old first baseman would be on the bench.

Eastern League
By THE ASSOCIATED PRESS
You can't blame manager Ray Mueller of Reading for declining to make any predictions about the outcome of the Eastern League race—not the way the lead has been changing hands.

Last week Allentown was at the top, the week before Springfield. Monday Lancaster was in first, today Springfield and Williamsport are tied for the lead.

Who'll be first Wednesday? That's a good question. Only two and a half games separate the last place clubs from Springfield and Williamsport in the tight race.

Williamsport shoved Lancaster out of first Monday night with a 3-0 victory over the Red Roses behind the six-hit pitching of Bob Giff (2-0) and homers by Danny Cater and Norm Givon. Vic Hansen (0-1) was the loser.

Corky Johnson, with help from reliever Joe Blasko, won his sixth game without a loss as Springfield handed slumping Allentown its seventh straight defeat, 9-5.

In the only other game Monday night, Mike White, son of former major leaguer Jo Jo White, singled home a run with two out in the 11th inning to give Reading a 10-9 victory over Binghamton.

BRAVES AND DODGERS GET SLOW STARTS

By DAVE O'HARA

MILWAUKEE (AP)—The world champion Los Angeles Dodgers and the Milwaukee Braves, a couple of top pennant candidates in preseason polls, are having their trouble. But both warn not to count them out.

"We haven't been going too good, but we're not dead—not by a long shot," said Los Angeles manager Walt Alton. "This team proved it can fight by going all the way last year. It's still a battling ball club and will bounce back."

Postponements Hurt
"Our biggest trouble has been poor weather," said Milwaukee Manager Charlie Dressen after the Braves' seventh postponement of the season. "All we have to do is get straightened out. These postponements have hurt coming so early in the season. But don't worry, we'll have our fun."

The Dodgers, moored in fifth place seven full games behind the front-running San Francisco Giants, and the Braves, four games off the pace in third, were rained out after a scoreless inning and a half Monday night. They picked up a half game on Cincinnati's 9-2 triumph over the Giants.

Alton blames his club's 12-16 record on weak hitting. Dressen can complain a little in that department, too, but also has to point to mediocre pitching.

CARL FURILLO BITTER ABOUT HIS RELEASE
By CHARLES MAHER
Associated Press Sports Writer

LOS ANGELES (AP)—Carl Furillo, told to take a walk when he could no longer run, charges that his ball club betrayed him more than his aging legs.

"I think this is one of the roughest things they could have done," he says. "They just didn't have to do it that way."

He has been with the Dodgers 14 years.

The 39-year-old Los Angeles outfielder—renowned as the leading rifle in the days when his right arm was a deadly delight for Brooklyn—told The Associated Press it was not his release that really disturbed him. It was the time at which it came—the time he said made it impossible for him to get a job with another club.

Why Not Earlier
Buzze Bavasi, general manager of the Dodgers, quickly denied there was any intent to damage Furillo.

Furillo's complaint is that his release came just after all the clubs in the majors cut to 25 players—"just after they were all set."

"Why not a week or two weeks earlier?" he asked.

"Then I would have had a chance to do something. Everybody's set now, and I'm a dead duck."

"Maybe they didn't want me to hook up with some other ball club and come back for revenge."

Placed On Waiver
Bavasi, apprised of Furillo's remarks, said:

"He can have his release now and go with any ball club he wants to."

Bavasi said Furillo had been placed on waivers and any club that wanted him could claim him for the waiver price. If none claims him before the waiver period expires this week, Furillo becomes a free agent and may sell his services to any club.

Obscure Pilot Key Man At Angry Summit Talks

BY JAMES DEVLIN
Associated Press Staff Writer

A man the public never heard of two weeks ago was a key figure at the angry summit conference though he wasn't there. Now the name of Francis Gary Powers, the U2 spy plane pilot, is known the world over.

Less well known is Powers himself—even to friends of the 30-year-old flier.

Background Is Routine

He finds himself the center of an international melodrama that led to withdrawal of President Eisenhower's invitation to visit Moscow and the apparent collapse of the summit meeting.

Yet Powers' background is so routine that his friends can scarcely recall an anecdote about him.

Powers ranked 22nd scholastically among the 69 seniors of his high school class. He played football, as a guard. He also was a member of a fire-fighting patrol. He also once was a lifeguard.

Flying His Passion

Powers spent four years in a pre-medical course in Milligan College, Johnson City, Tenn., and compiled a B minus average. He again finished 22nd in his class, this time among 69 seniors.

But the unobtrusive Powers had one passion—flying.

He took his first flight at the age of 14 as a passenger paying a \$2.50 fee to a woman pilot who was making short joy-riding hops from an airport at Princeton, W.Va.

Enlisted In 1950

On graduating from Milligan in 1950, the year the Korean war broke out, he enlisted in the Air Force as a private. He advanced to second lieutenant as a jet fighter pilot. But he never saw action in Korea.

Powers resigned from the air force in 1956.

A short time later, personnel of

officials of Lockheed Aircraft Corp. were making a routine check of former Air Force pilots and looked over Powers' apparently uneventful record.

They were impressed by something—or everything—that they saw. They sent a routine questionnaire to him. He responded and was hired in May 1956, as one of 17 pilots in the company's U2 program.

There followed four more years of obscurity before his name showed in headlines.

Powers was assigned to a group that was to operate planes, ostensibly for weather research, and was sent to Adana, Turkey in August 1956.

With him went his wife, the former Barbara Moore, 24, of Albany, Ga. He made repeated flights. Then, last April 30, he remarked casually that he was flying again the next day. He asked his wife to help pack his bag.

The next day he was captured near Sverdlovsk, deep in the Soviet Union—shot down on a spy mission, the Soviets said.

Send Sniper, 18, To Mental Hospital

NASHVILLE, Tenn. (AP) — An 18-year-old youth who has admitted nine recent sniping attacks, has been committed to a mental hospital for observation.

Judge Homer Weimar Monday ordered Howard Criswell sent to Central State Hospital after he was bound to the grand jury on nine counts of assault with intent to murder.

One of two persons wounded in the attacks, Mike Johns, 36, undergoes surgery today. He was shot in the stomach May 4.

BIG RED SEEKS TO KEEP GRIP ON LEADERSHIP

By WILLIAM L. RYAN

PARIS (AP) — Nikita Khrushchev's performance at the summit meeting that failed to get off the ground indicates he is engaged in a struggle to maintain his claim to lead world communism.

Because of that, a new cold war freeze may be in prospect, comparable even to the dangerous 1948 Stalin days of the Berlin blockade.

Unless he got an apology from the President of the United States, Khrushchev insisted, he could not negotiate with the U.S. President. This, he added in an aside, was a matter involving the internal politics of the Soviet Union.

Three-Sided Struggle

The implication is that Khrushchev is engaged in a three-sided struggle with (1) the Stalinists, (2) the military and (3) the Chinese Communists, who have been nagging him for what appear to them to be reckless adventures in peace making.

Khrushchev, destroyer of the image of Stalin as a demigod, seems to have bowed to the Stalinists.

The Soviet chieftain has been required to kick overboard all he has built with great care over the past three years. Apparently, in the Stalinist and Red Chinese view, his peace gestures went much too far and threatened communism as a constantly moving, dynamic force.

Red Plan Costly

Khrushchev for years has been fascinated by the idea of a Soviet Union so powerful and so economically prosperous that it could turn the world toward communism without exporting revolution or supporting it by overt force.

This has been costly to Communists in various areas.

In the Arab nation of Iraq, for example, Communists felt strong enough months ago to make a grab for the whole country. They lacked only the assurance of Moscow's support. Khrushchev not only withheld it, he advised them against moving.

Army Opposition

In other backward, formerly colonial countries, where communism places its best hopes for expansion, what looked like fairly cheap victories were sacrificed to Khrushchev's long-range peace offensive. He did not disavow the world revolution, but he did not want it to be either expensive or dangerous to the Soviet Union.

In quest of his sort of peace—one in which the Soviet Union, after bringing about a degree of nuclear and other disarmament, would still be in a position to dictate terms to the rest of the world—Khrushchev also pared the

Littlestown JAYCEES HEAR POLICEMAN FROM HANOVER

Harold W. Shorb, of the Hanover police department, was the guest speaker at the semi-monthly dinner meeting of the Littlestown Junior Chamber of Commerce Monday evening in the Starlight Room at Dutcher's, S. Queen St.

Mr. Shorb concerning the National Hot Rod Association, of which he is a regional advisor. President Robert V. Weaver, who presided, reported on the State Jaycee convention held last weekend in Philadelphia. Also attending the convention with President Weaver were Clyde W. Crouse, Emerson F. Due to the rain on Saturday, Explorer Post 84 was unable to cover the town in the paper drive. Residents are asked to place the papers on the curb in front of their homes or call Bernard Weaver or Robert Hahn before the drive starts at 9 a.m. on Saturday. The papers need not be bundled when placed at the curb.

R. J. REYNOLDS WINS DIVORCE

DARIEN, Ga. (AP) — Multimillionaire R. J. Reynolds won a divorce from his third wife by a jury verdict that gave her alimony of \$12,500 a year. She had asked \$200,000 annually.

Reynolds, heir to a tobacco fortune, also was granted a permanent injunction preventing the former Muriel Marston of Toronto from trespassing on his 12-mile-long Sapelo Island estate or from disturbing him there. Her attorneys filed a motion for a new trial.

The verdict in the two-week trial was returned Monday night. It provided monthly payments of \$1,042 for a period of 24 years starting June 1.

Reynolds, 54, former treasurer of the Democratic National Committee and former mayor of Winston-Salem, N. C., is described as desperately ill from a lung ailment.

Mrs. Reynolds appeared surprised at the verdict.

"Oh, how terrible," she said. "He has no grounds whatever."

BLAME BOYS FOR FIRE

EPHRAATA, Pa. (AP) — Two teenage boys, 13 and 12, face charges of causing a fire which destroyed the Glen-Gery brick plant and resulted in damage estimated at \$500,000 by Woodrow Eshenaur of Reading, president of the brick firm.

In announcing the arrests Monday, state police said the boys set fire to a pile of straw on the shipping platform.

WASHINGTON (AP)—The Soviets have stepped up their jamming of Voice of America broadcasts since the U2 spy plane incident was announced, officials said Monday.

NEW ORLEANS SCHOOLS MUST DESEGREGATE

By THE ASSOCIATED PRESS

The ordering of desegregated classes in New Orleans' schools highlighted today's sixth anniversary of the U.S. Supreme Court decision outlawing segregation in the nation's public schools.

U.S. Dist. Judge J. Skelly Wright directed public schools in the Louisiana city to desegregate next September.

The judge had advised the Orleans Parish School Board to submit a desegregation plan "or I'll have one for you."

Gerald Rault, school board attorney, told the court Monday the board had not prepared a plan because it believed "that it does not have the right to do so" under state law.

Fear Warning

The judge then issued his order. In Atlanta, Negro student leaders were uncertain whether to go ahead with plans for an integration sympathy march on the Georgia Capitol in the face of a stern warning by Gov. Ernest Vandiver. The governor said he would not tolerate "demonstrations which might incite violence and riots."

Roy Wilkins, executive secretary for the National Assn. for the Advancement of Colored People, issued a statement in New York in connection with the anniversary of the Supreme Court ruling.

He said that six years after that decision only 6 of every 100 Negro children in South and border states attend integrated classes.

Preacher Protests Trial

Another Negro integration leader, the Rev. Martin Luther King Jr., protested his being placed on trial in a segregated courtroom in Montgomery, Ala., would violate his constitutional rights.

That action and other pre-trial motions led to postponement until Wednesday of the minister's arraignment on charges of filing false state income tax returns.

Twenty-four Negro students—four of them girls—were arrested

A proposal that the Lions contribute to the cost of the local entertainment for a group of 30 foreign exchange students expected here for three days in July was referred to the finance committee and the board of directors.

The club voted \$40 to provide a week at Beacon lodge for some local youngster this summer. Either a boy or girl may be sent but they must be between 17 and 20 years of age with a serious visual handicap. Persons interested should get in touch with Roland Kime of the Lions Club.

during a sitdown at a lunch counter for white persons at the S. H. Kress & Co. store in Chattanooga, Tenn.

In Detroit, the S. S. Kresge Co. said its policy is not to file complaints against sit-in demonstrators at its variety store lunch counters in the South. The company said it is obeying laws and customs in Southern cities where integration is prohibited.

He emphasized too the distinctive roles of big business and the small businessman in the American economic system. "Big business provides funds for research, is able to make the big investments that have become necessary in many phases of scientific progress and is able in time of national emergency to do big jobs for our nation. But there are many roles in our economy for the craftsman, the mechanic and the small businessman that big business can never perform. Big and little business are linked importantly and neither could get along without the other."

The speaker was introduced by M. Hardy Nichols, chairman of the program committee. President Douglas W. Smith presided with 57 present. The meeting was held at the Shetter House.

PRODUCER IS KEY MAN IN TV SUCCESSES

By CYNTHIA LOWRY
AP TV-Radio Writer
NEW YORK (AP)—In the buck-passing world of television it often seems to an outside observer that all successes are credited to producers, directors and stars. And that all failures are blamed on networks, advertising agencies and writers.

biographies, short stories and plays), insists that this is a rank injustice.

"If a show is bad," he says, "the last man to blame is the writer. It would make more sense to blame the producer. Between the time the original script leaves the writer's hands, he may have to rewrite it on order a number of times, or it may be worked over by other people."

Producer Key Man
"In television, I've learned that the important person is the producer. If you have a strong producer, 80 per cent of the battle for a good show is won."

Karp says that sponsors and advertising agencies, however, do have a lot to say about subject matter.

Karp said that no show with a Revolutionary War theme will get past the sponsor of an expensive special series.

"The head of the company," he explains, "isn't very sympathetic to the revolutionists' view. If he'd been alive at the time, he'd have been for the redcoats."

Recommended tonight: "The Wicked Scheme of Jebel Deeks," NBC, 8:30-9:30—a repeat of the Alec Guinness show, but a good one; Garry Moore Show, CBS, 10-11 with guests Alan King and Carol Haney.

All times Eastern Daylight.

LAWYERS SUE

LOS ANGELES (AP)—His former lawyers are suing Ernest Borgnine because, they say, he didn't pay them a percentage of his earnings.

Irving B. Glickfeld and Hyman L. Goldstein said the husky actor agreed to pay them 5 per cent of his gross income during the life of a 1956-1958 contract. They said he earned \$284,646 in the period and still owes them \$5,732.

FIFTH FOR MARSHALL

HOLLYWOOD (AP)—When actor Herbert Marshall got married for the fifth time, he kept it a secret.

But Monday it leaked out: On April 25, a Los Angeles judge married Marshall, 69, and Dee Anne Kahmann, 38, a department store buyer who had been wed twice before.

TEST ALERT ORDER CAME FROM PARIS

WASHINGTON (AP)—Monday's worldwide alertness test of U.S. armed forces was ordered specially from Paris by Thomas S. Gates, secretary of defense.

Word of Gates' order came from the Pentagon and strengthened belief that the test was linked to the tense atmosphere of the summit talks. Gates is in Paris as President Eisenhower's chief military adviser.

However, Gates' order came several hours before Soviet Premier Nikita Khrushchev collapsed the Big Four meeting by denouncing the American U2 plane incident and demanding an apology from Eisenhower.

The order was so secret that the Pentagon's top public information officers knew nothing about it when inquiring newsmen routed them out of bed.

The alert message was sent to command posts throughout the world. It left to local commanders how far they wanted to go in calling men to their stations.

FAT LADY DEAD

GIBSONTOWN, Pa. (AP)—Circus fat lady Doty Blackhall, famed for her sideshow appearances with Ringling Brothers Barnum & Bailey Circus, is dead.

Deputy sheriff Luther Walcott said Mrs. Blackhall, who reportedly weighed more than 500 pounds, apparently took her own life.

Eighteen major corporations operate research laboratories in or near Baltimore.

Tampa Decorates Six Days Early

TAMPA, Fla. (AP)—The red, white and blue flags fluttering on Tampa's downtown streets today are accompanied by a few red faces.

A special police department task force went out early Monday and set up the patriotic finery.

Police inspector J. L. Powell said a list furnished by a flag manufacturer showed Monday to be Armed Forces Day.

But Armed Forces Day isn't until next Saturday.

RAIL STRIKE MAY SPREAD

STUEBENVILLE, Ohio (AP)—A top official in the Transport Workers Union, involved in a dispute over work rules with the Pennsylvania Railroad, says a work stoppage at PRR facilities near here "might spread along the line."

The railroad said Monday only 48 of 173 workers scheduled at Weirton, W. Va., and Mingo Junction, Ohio, reported for work after TWU Local 2008 called an "un-

interrupted meeting." Supervisory personnel maintained normal operations, a railroad spokesman said.

Andrew J. Kaelin, a TWU international vice president, said at Philadelphia the work rules issue has been disputed for three years and the matter has been coming to head since the old contract expired last Nov. 1.

FALSE TEETH

That Loosen
Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath". Get FASTEETH at drug counters everywhere.
